O R D E R

On April 25, 2002, Parksville Water District (Parksville District) submitted an application for a Certificate of Public Convenience and Necessity to construct, finance, and increase rates for a \$725,000 waterworks improvement project. This project consists of the installation of approximately 3.5 miles of 4-inch and 9.9 miles of 3-inch water transmission mains to provide service to approximately 75 new customers. Project funding consists of a \$319,000 loan from the U.S. Department of Agriculture s Rural Development (RD), a \$372,000 grant from the RD and a \$34,000 contribution from the applicant.

Parksville District s application was made pursuant to KRS 278.023, which requires the Commission to accept agreements between water utilities and the U.S. Department of Agriculture or the U.S. Department of Housing and Urban Development and to issue the necessary orders to implement the terms of such agreements within 30 days of satisfactory completion of the minimum filing requirements. Given that minimum filing requirements were met in the case on April 25, 2002, KRS 278.023 does not grant the Commission any discretionary authority to modify or reject any portion of this agreement.

IT IS THEREFORE ORDERED that:

1. Parksville District is granted a Certificate of Public Convenience and Necessity for the proposed construction project.

2. Parksville District's proposed plan of financing with RD is accepted.

3. Parksville District is authorized to issue bonds not to exceed \$319,000.

4. Parksville District shall file a copy of the as-built drawings and a certified statement that the construction has been satisfactorily completed in accordance with the contract plans and specifications within 60 days of the substantial completion of the construction certificated herein.

5. The rates set out in Appendix A, which is attached hereto and incorporated herein, are the rates approved for service rendered on and after the date of this Order.

6. Parksville District shall file its revised tariff setting out the rates in Appendix A within 30 days of the date of this Order.

7. Parksville District shall obtain approval from the Commission prior to performing any additional construction not expressly authorized by this Order.

8. Parksville District shall notify the Commission one week prior to the actual start of construction and at the 50 percent completion point.

9. Three years from the effective date of this Order, Parksville District shall file an income statement, along with any pro forma adjustments, in sufficient detail to demonstrate that the rates approved herein are sufficient to meet its operating expenses and annual debt service requirements.

Nothing contained herein shall be deemed a warranty of the Commonwealth of Kentucky, or any agency thereof, of the financing herein accepted.
